

Information for Vendors

Posted Aug. 31, 2009

The Public Employees' Benefit Board (PEBB) designs, contracts and purchases group health and other benefit plans for employees of the state of Oregon.

PEBB annually reviews a report on requests from vendors to consider changes or additions to the benefit program. The Board usually does this during its November or December public meeting. It typically considers these requests not for the next plan year but for the plan year subsequent to that.

Vendors may submit such requests in writing to the PEBB Plan Design Manager. Send by mail to 1225 Ferry St SE, Salem, OR 97301. Send by fax to (503) 373-1654.
